 Non-cooperative Networks: Final-term evaluation results  
 Wednesday 17th of November, 2021 - Prof. Guido Proietti

Rating scale is from 0 to 30, and passing grade is 18.  
 If your grade is **below 18**, then you have to take the full-oral examination (in January 2022 or later, at least two questions).  
 If your grade is **at least 18**, then you can either:  
 1) accept it: in this case it will be registered as it is in January 2022, possibly by combining it with the "Social Networks" grade in case you have to register the 6 CFU exam;  
 2) try to improve it: in this case you will take a quick-oral examination (one question) that will be held on next week (details will be arranged); please notice that the grade can also decrease in this case;  
 3) refuse it: in this case, the current grade will be discarded, and you will take the full-oral examination (in January 2022 or later, at least two questions);  
 4) freeze your decision on either accepting or refusing until you get your grade in the "Social Networks" exam.  
**Please notify your decision to [guido.proietti@univaq.it](mailto:guido.proietti@univaq.it) with subject (Oggetto) "NCN 2021 decision"**
