Non-cooperative networks: Mid-term evaluation results

Wednesday 6th of November, 2019 - Prof. Guido Proietti

Rating scale is from 0 to 30, and passing grade is 18.

If your grade is **below 18**, then you have to take the full-oral examination (in January or later, at least two questions).

If your grade is **at least 18**, then you can either:

- 1) accept it: in this case it will be registered as it is in January 2019, possibly by combining it with the "Social Networks" grade in case you have to register the 6 CFU exam;
- 2) try to improve it: in this case you will take a quick-oral examination (one question) that will be held on Tuesday November 12th, 2019, at 10.00 in the teacher's room; please notice that the grade can also decrease in this case;
- 3) refuse it: in this case, the current grade will be discarded, and you will take the full-oral examination (in January or later, at least two questions);
- 4) freeze your decision on either accepting or refusing until you get your grade in the "Social Networks" exam.

**Please notify your decision to [guido.proietti@univaq.it](mailto:guido.proietti@univaq.it) with subject (Oggetto) "NCN 2019 decision"**
